CLASSICS
Whether you’re wrapping up your first gig or launching a world tour, our Classics series is vintage Levy’s quality. Our best-selling series calls back to our heritage, with everything you need, and nothing you don’t.

SIGNATURE
Defined by the iconic, unique Levy’s Walnut Patch, the Signature series is the hallmark of quality and a known commodity, instantly recognizable by musicians everywhere.

HEIRLOOM
Our Heirloom series is more than a strap. It’s a legacy, crafted to last a lifetime. A companion, built to be played on, and passed down from generation to generation.

DELUXE
You deserve the best, and so does your guitar. The Deluxe series stands apart from the crowd, with refined designs that perfectly complement your prized possession.

REBEL
Levy’s Rebel series straps embody the free spirit in every musician. You define your own sound, on your own terms. Live your legacy.

COUNTRY WESTERN
Levy’s Country Western strap series embodies the diversity of American Country music, from the glamour of Nashville to the Desperado cowboy and traditional designs of the Native-American Southwest.

PRINTS
Your guitar strap should be every bit as bold and unique as you and your music. Levy’s Prints Series brings brilliant designs and images to life in stunning detail.

TEXTURES
A little like a remastered vintage album or cover of a classic song, our Textures series takes something great and puts a special spin on it, using unique fabrics, treatments and textures.

SPECIALTY
The things that move you, mold your music. Levy’s Speciality Series features a variety of designs that speak to the things that inspire us, from our favorite musicians and our faith, to the causes we champion.
CRAFTING A LEGACY
ONE STRAP AT A TIME.

From your grandpa's old acoustic to your first guitar lessons. From rocking out in your parents' garage to headlining your first gig--Levy's is more than a strap. It's a rite of passage. An invitation to play on the shoulders of giants, and with them. An empowering rally cry to define your sound, and live your legacy.
Ergonomic split body style allows for best positioning on shoulder to reduce fatigue while playing.

Our Right Height™ Line with RipChord™ Technology solves the age-old problem of getting the perfect fit while playing your instrument. Easily adjust your strap with a quick pull of the handle, raising and lowering your instrument without missing a beat.
Levy's Butter straps feel exactly how you'd imagine, just like "butta." Made from our newest Pull-up leather, the upper is soft and supple from the additional oils used in the tanning process. The Pull-up texture allows the strap to age well and take on unique characteristics like the beauty of a well-loved guitar. Just rub the leather upper to renew oils and restore the finish as desired. The Butter Line is backed with a velvety garment leather, truly making it one of our softest and strongest straps.
